

Janice Crister Montgomery

About Janice Crister Montgomery 1940 – 2008

**When I graduated Globe High School in May, 1958, I had no idea of all the things I might do. First marriage brought three daughters and living in British Columbia for a year and a half as an Air Force wife. Second marriage brought three boys (instant Brady bunch), so six kids in the household kept me busy but never a dull moment. Third marriage in 1973 (in Missouri) was the charm, and took us to several locations. First, Kentucky, then Florida, and now Tennessee. The third time was the charm and lasted until 2004, when death did us part. One is never ready for that, but eventually it comes to us all.**

**I have "worn many hats" during my work career, some of which have been humdrum, but most have been very interesting. I have been office manager, food server, bartender, social worker, Avon Lady, baby-sitter, and government worker in local government in three states for the past 29 years.**

**It has been very rewarding, and still is because I am still working full-time for the County Clerk here in Jackson Co., TN. I am her Chief Deputy, as there are only two of us in the office. We are very busy, as we do vehicle registrations, all aspects of that. We also sell business licenses for this county and issue marriage licenses. We can both perform ceremonies, and I usually do the ceremony for any Hispanic couples who come in.**

**I have a course in Basic Spanish from the community college in FL where we lived, and though I am not fluent, I can speak well enough to wait on them. I am glad life has given me the opportunity to interact with so many people. I am the organist and assistant pianist for the little Baptist church I attend in Cookeville. I am Chairperson for the Supervisory Committee at the credit union to which I belong.**

**My committee is responsible for internal audits of the various departments in the union. The committee also helps management deal with personnel issues. Now, in my leisure time, I try to take care of my little place here in the country. Sometimes, I manage to go fishing in my pond for an hour or two. Well, there is only one other thing to tell you about, I do have three grandchildren who all live in KY, but I get to**

see them occasionally. I do have a gentleman friend, Jim Fletcher, with whom I get to spend a little time in my busy life. Life has been something of a whirlwind, and sometimes I think it has still left me spinning just a little. These are pictures of my family and gentleman friend.

**My Youngest Daughter Dilissa and Granddaughter Sydney**

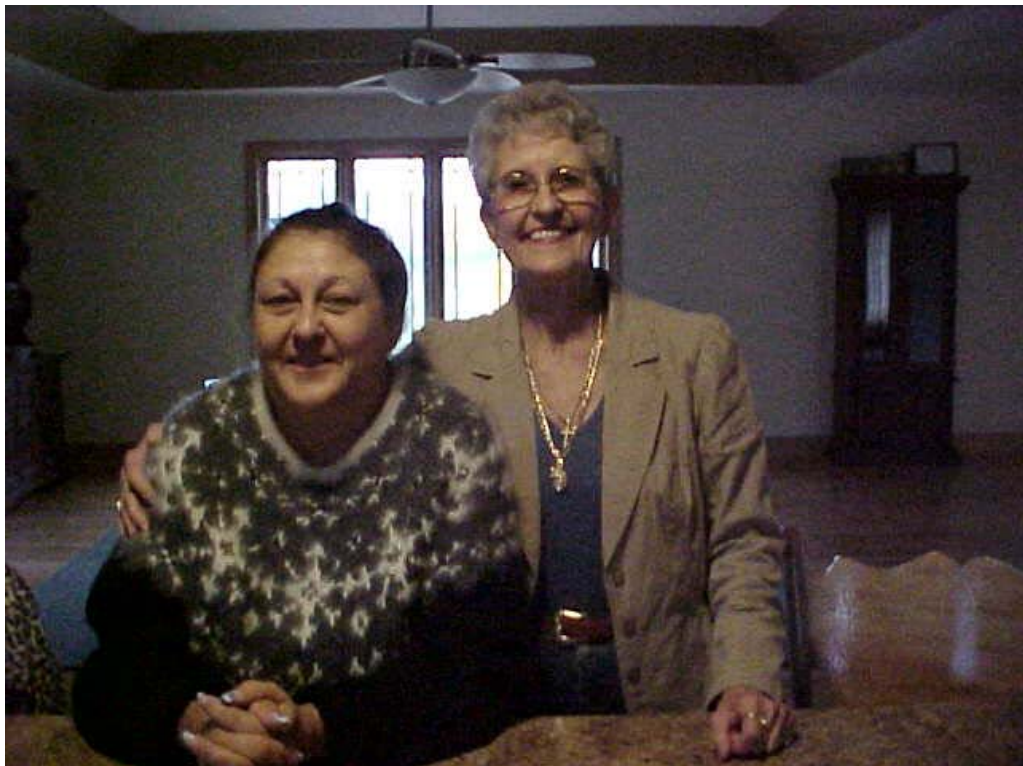

**Eldest Daughter Mili**

**Jan, Mili, Dilissa and Sydney last Thanksgiving**

**Daughter Mili and my friend Jim at his house**

**Me and my daughter Mili at Jim's House**

**Jan and Jim at Credit Union's Christmas Party**
