

About Connie Jaenicke Davidson 1958-2008

After we graduated, I went to ASU for three years, and then got married. My husband went into the Air Force and we had two daughters: Heather in 1966 and Jennifer in 1967.

When we were stationed at SAC Headquarters in Omaha, Nebraska, I went back to school and got a degree in nursing, then worked for several years at a downtown Omaha ER. Tom and I were divorced in '73 and I went back to the University of Nebraska Medical Center and got a degree in anesthesia.

I worked as an anesthetist in Lincoln and Omaha for 13 years, then moved to Seattle and worked at Group Health Cooperative for 19 years, and just retired in Dec. 2007.

My girls are all grown up with families of their own now. Heather and her husband Michael have one son, Benjamin, who is 12. They live in Woodenville, a suburb of Seattle. Jennifer and Dave live near Athens, Ohio, and have Ethen, 15, Grace, 13, and Finn, 9.

After I retired I wanted to be able to spend time with Jennifer and her family, so in March, 2008, I moved to Ohio. I am so enjoying these grandchildren even as I miss Heather and Ben and Michael.

My home here is a 140 year old farmhouse that I am remodeling to be a Bed and Breakfast. I hope to be open for business in January and would love to have my Globe friends come to Ohio and stay at my B and B.

I look forward to Sept. and our reunion. Did we ever think we'd be in our 60's?
