

Elivs Cox

After I graduated from high school I worked in a service station for one year. Then I went to college for a year. After that I worked in a uranium mine for two years.

Then I went to the army for two years. I married Sheila while I was in the army. We had four children – two boys and two girls.

When I returned I worked for twenty years in mines. Then I drove a truck over the road for ten years. Again I worked in the mines – but a coal mine for ten years.

We now have seven grand children – 4 girls and 3 boys.

At the reunion I found out that Jay Clark and I are related!!
